Giving people the latitude and flexibility to use their judgment and apply their talents rapidly accelerates progress. Send a message of respect and inspire people to be creative and use their individual talents toward the goals of the enterprise. Empower people by letting them know that you believe in them and allowing them to take action. Trusting people and empowering them also allows you to focus on the things you need to accomplish. Ellyn McColgan says, “I used to say to people all the time, ‘I can help you figure out just about any problem you throw at me, but is that really what you want from me?’ They would look at me funny and say, ‘Not really.’ I would say, ‘I think what you would like is to do a great job and then give me an opportunity to say, ‘Great job!’ Then they would respond, ‘Yes, that’s true.’”
