Prior to the Industrial Revolution, there were few communities in Europe or America with a population larger than a few thousand. One of the consequences of the Industrial Revolution was the development of large urban areas close to factories. Because employment opportunities were limited in rural areas, many workers moved to cities. With such movement, family and kinship ties were broken, and those who were unable to adapt faced alienation, social breakdown, and a loss of community identity. In an attempt to meet the needs of people living in urban areas, _____ in the 1800s—primarily at the initiation of the clergy and religious groups. Because of the lack of development of public social services, private agencies provided most of the funds and services to the needy until the 1930s.

- ① human rights movements emerged
- ② independent labor organizations were set up
- ③ various kinds of convenient facilities were built
- ④ private social welfare services began to spring up
- ⑤ a systematic city planning project came into place

As we consider media consumption in the context of anonymous social relations, we mean all of those occasions that involve the presence of _____ (A) _____, such as viewing television in public places like bars, going to concerts or dance clubs, or reading a newspaper on a bus or subway. Typically, there are social rules that govern how we interact with those around us and with the media product. For instance, it is considered rude in our culture, or at least aggressive, to read over another person's shoulder or to get up and change TV channels in a public setting. Any music fan knows what is appropriate at a particular kind of concert. The presence of other people is often crucial to defining the setting and hence the activity of media consumption, despite the fact that the relationships are totally _____ (B) _____.
